

Project Management in PPP / PFI's and Major Projects

Course Outline

Who is this course designed for?

This course is for people who have either recently moved into a PPP / PFI project team or are already a part of the procurement team.

The course takes a more in depth look at the key aspects of project management, in the context of PFI .

It covers some of the salient parts of the procurement process, and also some of the main project management pitfalls that can beset a project of this nature.

This course is appropriate for both the public and private sector.

Why should I attend?

The course provides up to date PFI procurement guidance, practical sessions to take-away, and top tips for the procurement phase of the contract.

Delegates who have attended will be able to identify what their priorities will be on their return and answer the question of how they can add value to the process.

Summary of the Course

This course is designed to help delivery teams with all of the key aspects of project management through the complex procurement phase.

It provides a hands on guide to the key areas and topics delegates need to be familiar with.

Bronwen
Lewis

Bronwen has been an independent consultant for over 8 years working with several government bodies including the OGC, Ministry of Defence and DVLA, as well as the Welsh Assembly and the Scottish Government.

She has worked with 4ps on waste, shared services and schools projects. Whilst at PwC Bronwen worked with a variety of clients delivering large scale projects. Currently Bronwen is undertaking part time research for a PhD degree in Project Management.

Anthony
Garnett

Anthony has over 25 years business experience in procurement, outsourcing, and contract management working with both the private and public sector.

Working for several years at PwC Management Consultancy he managed and developed the PPP / PFI training programme for many PFI delivery & management teams.

Anthony has been at the forefront of assisting project teams manage the programmes.

Peter
Foale

Peter has played an active role in the educational sector for over 29 years (including PFI Director Education Nottingham CC). For the last 6 years he has acted as a specialist consultant working with different local authorities on PFI initiatives.

Recently this has included being BSF Project Director for Cheshire West & Chester Council where he had lead responsibility for BSF and Academy developments and the Children's Services Capital Strategy.

Key areas covered on the course

- Provide current guidance and thinking regarding the procurement and project management phase up to contract award (including post election changes)
- Create an understanding of; project performance; stakeholder / supplier management ; working in or managing teams; risk management
- Provide insight on to how to plan for the main issues which arise in major projects of this nature
- Know and appreciate best practice in PFI project management
- Be aware of the necessary interpersonal, commercial and project management skills required
- Allow delegates to cement the learning process throughout by engaging them with practical exercises
- Ensure delegates have current guidance and useful documents / templates

Who will run this course and what is their experience?

We always ensure that the team taking the course(s) have an appropriate background in the topic that they are covering.

All of our delivery team have been responsible for either project managing / delivering/ managing PFI projects, or providing consulting services to projects.

It is usual for this course to have at least two tutors to keep the content interesting and encourage active participation. Please view our website 'meet the team' page for further details of the teams C.V.'s.
